This mandatory course is a requirement before you take the level 3 Diploma in Reflexology. We have been working with the Association of Reflexologists to create stimulating high quality courses in order to prepare you as Practitioners in Reflexology.

The course is specifically designed for complementary therapists and will focus on minor ailments and emergencies you may be likely to encounter in your professional practice as well as learning how to save a life. We will help to prepare you to cope with emergencies both at work and at home.

At the end of the course, you will have learnt how to perform CPR and deal with a whole range of injuries. You will receive an appointed person certificate which is valid for three years.
