Will be held by Louise Keet live on Zoom on

Sunday 27th March

Cost £130

This refreshingly new practical one-day course is aimed at developing and improving your skills, techniques and help increase your client base and get better treatment results. You will learn how to use chakra power reflexology to help clients suffering from long covid. We will use the new techniques and sequence to address the physical and emotional affects and energetic disharmony caused to your client.

There are two elements to the day. The first will teach you how to develop a bespoke holistic and effective 20-30-minute treatment that can be used when you are working with corporate clients, family reflexology treatments, mother toddler groups, PR events, NHS, fates and exhibitions. This method can help you deliver up to 5 treatments within two hours or up to 14 treatments a day which maximizes your treatment time making your services appealing.

You will be given a booklet with key reflexes out of balance with common ailments to help you easily structure your holistic Power Reflexology treatments aimed to meet your client's needs. You will be given clear protocols in how to make the most of your client's time. Corporate companies, group of clients and the NHS are attracted to cost effective treatments which will make Reflexology a worthwhile expense for them. You will appreciate how to give a maximum of 14 treatments in a day so you can use Power reflexology to successfully build up your business within the corporate market. The morning helps you to feel confident that you are presenting the overall treatment in a professional well-structured manner.

After lunch you will learn Chakra Power Reflexology an original system of treating a client using the chakras, endocrine and nervous system to help unblock body armour that may have developed as a result of trauma, stress, illness or unfulfilled desires.

This is an original way of treating clients and developed by Louise Keet. The treatment can have a positive impact in helping clients move on in their physical or emotional recovery process.

Individuals may survive trauma however some may not have moved on and formed a kind of armour to protect themselves, not only from the blows of the outside world, but also from their own emotional malaise. We can understand that unless this armour is unblocked on a deep energetic level it can manifest into illnesses or give rise to weaknesses.

You will learn a new sequence, skills and techniques to apply a Power Reflexology treatment that works on unblocking body armour from the inside out and creates a profoundly deep level of relaxation, balance and wellbeing helping your client on a physical, emotional and energetic level. Power Reflexology can help support your client to assist them on their journey to recovery.

This year our courses are focused on the effects of long covid on an individual as we are seeing more clients seeking treatments from Reflexologists. Long covid can affect the physical, emotional and energetic levels of a person and you will learn your chakra power reflexology including a sequence to help clients suffering the effects of long covid.

Power Reflexology is approved and recommended by the Association of Reflexologists and at the end of this skills day you will be awarded with a Diploma in Power Reflexology and gain 14 CPD points

The course is taught by Louise Keet author of the Reflexology Bible and Hand Reflexology
